ARIZONA’S BURN INJURY AND GAS EXPLOSION LAWYERS

The Cunningham Law Firm is one of the most successful burn injury law firms in the United States. Over the past two decades, The Cunningham Law Firm has handled numerous burn injury cases involving propane, natural gas explosions and products causing automotive and/or home fires, as well as electrical, scald, and chemical related burns. Matt Cunningham is a member of the American Burn and National Fire Protection Associations. He is recognized by professionals in this area as a true advocate and is listed in The Best Lawyers in America and Arizona Top Attorneys (Phoenix magazine).

PROVEN SUCCESS Since 2000, The Cunningham Law Firm has obtained more than $185 million on behalf of its clients through settlements or verdicts. In 2008, Matt Cunningham obtained the largest burn injury verdict in Arizona state history. The case involved two brothers, ages 12 and 3, who suffered severe burns injuries when a flash fire erupted from a defective gas oven range. The Pinal County jury hearing the case rendered a unanimous verdict awarding the two injured boys and their parents $43.1 million.

The driving force behind the firm’s success is doing what is necessary to help the client. This often requires the expenditure of a significant amount of money during the development and preparation of the case for trial. The Cunningham Law Firm has assembled some of the best experts in the United States involved in fire, explosion and burn related cases. They will bring forth whatever resources are necessary to give the case the greatest opportunity for success.

FRIENDS OF THE BURN COMMUNITY The Cunningham Law Firm believes in giving back to the organizations who are dedicated to assisting burn survivors and their families. They were recognized by the Arizona Burn Foundation as its first ever Courage Level Sponsor. The award provided to them reads in part: “Your generosity and kindness is a true blessing to burn survivors throughout Arizona.” The Cunningham Law Firm also supports burn prevention programs in an effort to protect individuals from suffering this devastating injury. Their assistance was integral to the development of the Arizona Burn Foundation’s smoke alarm program and they continue to work with organizations in the area of burn prevention. The firm’s skill in handling burn related cases is matched by its generosity to organizations involved with assisting burn survivors.
